

Stromme Handy Spray System

Product description

- The Stromme Handy Spray System is a portable ready to use electric driven chemical sprayer. It is used for spraying chemicals such as Stromme Aquaclean HD, Stromme Holdcoat FC and Stromme Ships Cleaner up to a height of 12 meters.
- The pump maximum capacity is 5.3 litres per minute. Depending on the fluid viscosity, using with the spray nozzle the flow rate is about 3.7 litres per minute with operating pressure from 5.2 to 7.6 bars. The electric motor is single phase AC 230 V and drawing only 0.5 ampere.
- The pump unit is directly coupled to the electric motor. The electric motor together with the hose reel are fastened to the baseplate and sits on the cover of the 136 litre mixing drum.
- The pump output is fitted with flexible chemical hose, then using quick coupling to connect to the telescopic lance or the spray wands. Fully extended, the length of the telescopic lance is 7.3 meters long, for close range spraying two types of spray wands are provided, they are the 90 cm two section brass wand and the 75 cm two section plastic wand.
- The telescopic lance and the brass wand are provided with two types of spray nozzles, they are the cone and fan nozzles, the maximum throws of the cone and the fan nozzles are 3.5 meters and 0.6 meters respectively.

Stromme Handy Spray System complete
Product No. 3201-28000

Technical data

Working pressure	5.2 - 7.6 bar
Maximum capacity	5.3 l/min
Maximum spraying height	12 meters
Motor	230 V / 1 Phase
Height	590 mm
Width	460 mm
Depth	410 mm
Weight	20 kg

WARNING

This equipment is not designed for spraying strong acids.

Scope of supply

Product No. 3201-28000 Complete Stromme Handy Spray System consists of following.

Part No.	Description	Qty.
3201-28010	Chemical pump direct coupled to 230 V / 1 Phase motor. Hose reel with 30 meters hose. 90 cm two-section brass wand with spray handle and nozzles.	1
3201-28050	2.5 meters telescopic lance (extendable to 7.3 meters) with spray handle and nozzles.	1
3201-28060	75 cm two section plastic wand with spray handle and nozzle.	1
3201-28070	15 meters chemical hoses with quick couplers.	1
3201-28080	136 litre mixing drum.	1

Personal protection equipment

Stromme Personal Protection Kit for 2 persons

Product No. 1705-71100

Splash suits / chemical suits are normally delivered in size L

Product No. 1705-71100 Complete Personal Protective Kit for 2 persons consists of following.

Part No.	Description	Qty.
1703-55152	Splash suit, chem-suit HD (L).	2
1705-10102	Helmet, safety white.	2
1705-20131	Visor holder complete with visor.	2
1705-34110	Chemical gloves 40 cm.	2
1705-23300	Safety goggles Uvex 9301, antifog.	2

Respiratory Protection (optional)

Filters shown on these masks are sold separately

Part No.	Description
1705-55330	Half mask, X-plore.
1705-55270	Full face mask, X-plore.
1705-73881	Filter, X-Plore - single piece.

WARNING

Adequate equipment for personal protection must be used and respiratory protection with half or full face mask is necessary when working with chemicals and equipment.
